Gary,

I believe the proposed road name for the section between 44 and 44A is Powell Road. There was concern that the County would not support this naming and preferred to keep it as 139. Due to several reasons Powell Road (if that is the proposed name) will be accepted.

We are working through our formal process to see the road named as requested.

Good Afternoon Mr. Arnold,
I'm looking for your direction...
I work with The Villages planning and engineering departments and we received a request from The Villages to name a portion of CR 139 from CR 44A to SR 44 to Powell Road. I understand that you have had a recent conversation with Dr. Gary Lester regarding this matter and that Sumter County is in favor of naming this portion of roadway. Currently, this roadway is under construction, can the renaming of the roadway be handled at the time of as built/walk thru?

I recognize that The Villages have in the past named some of their roads after certain contractors. I have no objection to that. In the case of CR 139 why not name the new portion of the road (from 44-A to 44) Powell Road and re-name the old road Pony Farm Road. It seems to me that that would satisfy The Villages desire and at the same time give acknowledgement to some of the local history. Long-time residents refer to 139 by that name because years ago there was a pony farm here. I think it is an idea that is worth consideration.

Thank you,
Tim Watson
